100% Committed to Quality Education

2008-2009 School Year

Dear Parents:

State Board of Education regulations require that each student who is participating in the sports program must have an annual physical examination. Because many parents take their children to their family physician during the summer or prior to the start of school, this permission slip is being provided for your convenience now.

The required physical examination may be taken any time between now and the start of the interscholastic 2008-2009 sports season. A physical examination performed at this time will satisfy the requirement for your child's participation in all interscholastic sports during the 2008-2009 school year.

You do not need to complete the form at this time. However, if your child will be participating in the 2008-2009 school year, the physical examination must be completed prior to the start of the season. Parents last year found it helpful to receive the form prior to summer vacation.

We hope this will again be of assistance to parents and our students.

Sincerely,

Stanley S. Fields, Ph.D.
 Superintendent

cp-Sp/E

Student: _____

School: _____

I hereby certify that the above named student is adequately insured, has had a physical examination this year, and has no medical problems that would indicate he/she should not participate in sports activities.
