

Below are the steps that will assist you in utilizing Reading Plus from home.

ACCESSING READING PLUS®

Website: www.readingplus.com/users

You will want to check your computer at home to make sure it has all the necessary technical requirements to use the program . The easiest way to check is to log in to the above website. On the “green” Reading Plus log in screen, click on “Requirement Check” in the center of the screen

A tech requirement check will begin immediately and notify you of the required specifications. The most common specification you need to upgrade is *Java*. So, navigate to <http://www.java.com> and download it (free).

1. Click on 
2. Enter and submit the Site Code: (ask your teacher for your site code)

Specify site code

Please contact your teacher or tutor if you forgot your site code.

Site Code:

Your School Name is the site code _____

3. Find your Class in the drop down menu.

Select Class

Class:

Select Class
Becky's Tutoring
Elena's class
.....

Teachers Name and Grade

4. Find your username in the dropdown menu; click on it to activate it. (It is your first & last name.)
5. Enter your password. SIS # _____

Please Login

All fields are required

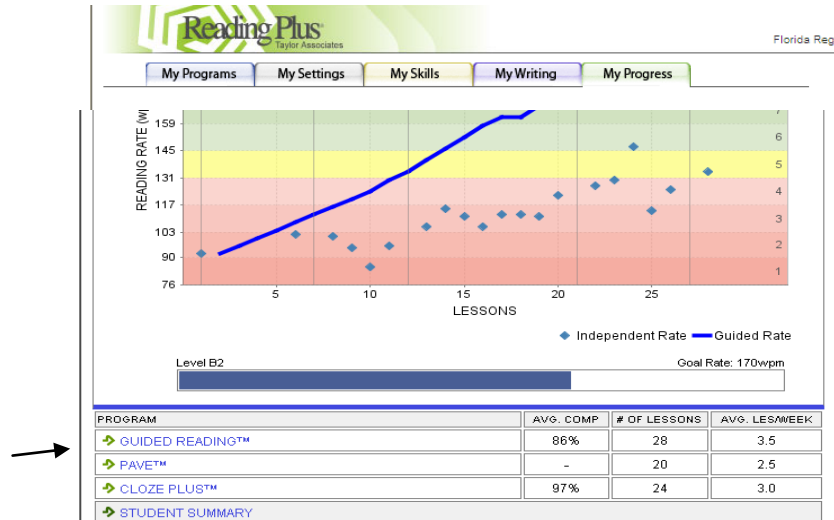

Class: Elena's class

Username:

Password:
Endara, Callie
Endara, Elena
Endara, Scott
Mejias, David
Rodriguez, Daniel

Please contact your teacher or tutor if you forgot your username or password.

6. When you are done with your session, click on "My Progress" tab on top and view your graph. Then click on Guided Reading link on bottom and record your scores. Remember your goal is to get 70% or higher in comprehension.

If you have trouble accessing Reading Plus at home, please call 1-800-732-3758 between the hours of 9:00 am to 5:00 pm. Ask for the technical support department. Identify the school you are at and what difficulties you are having.

You may also connect to tech support through the internet by allowing them to connect to your computer. This is called "Connectivity." Listed below are the instructions you need to complete.

DIRECTIONS FOR CONNECTIVITY

1. Type the following web address in your browser: <http://www.readingplus.com/support/main.do>
2. You will be asked to install a small, temporary file. When prompted, please select "Run"
3. A message will appear showing you are connected. Wait for a message from the technician and write the following in the box. (I am trying to use Reading Plus at my home but my computer will not work. Can you please fix this so that I can use Reading Plus. I am a student at _____ school. My site code is _____).

Reading Plus is intended for independent practice by the student with no assistance from parents or siblings. Please allow your child to work at their own pace.
