F. Procedures for placing letters in personnel file, refer to Appendix D.

## Article VIII Professional Qualifications and Assignments

A. Every effort will be made to place a teacher in his field of competency as determined by state licensure, State Board of Education Document I guidelines, as/or proven teaching success at a grade level or subject areas.

B. All teachers will be given notice of their work assignments for the forthcoming year by the end of the year. Changes during the summer will be communicated to the teacher immediately after the decision is made. In the event changes in such assignments are proposed, the teacher affected must be notified promptly and be given the opportunity to discuss the proposed change with the administration.

A teacher's preference regarding assignment of classrooms and other building facilities and assignment of courses and subjects to be taught will be communicated to appropriate administrators in writing by April 1, and will be honored insofar as possible consistent with the best interests of the students and the total educational program and the qualifications and length of service of teachers involved. Teachers will be advised of any room changes within the building at least three (3) weeks before the end of the school year except in cases of emergency.

C. Any assignments outside the normal working hours, with the exception of Article VIII, Section B, during the regular school term, including extra duties, shall not be obligatory but shall be with the consent of the teacher, except for those teachers whose job descriptions include extra-curricular activities outside the normal working hours. The Business Office maintains complete, accurate and up to date job descriptions.

### E. Part Time/Shared Time Assignments

Teachers acquire tenure pursuant to the applicable provisions of the School Code. A teacher cannot acquire tenure by virtue of part time teaching. However, a teacher who has acquired tenure and who either: a) is reduced to part time by Board action, or b) voluntarily goes on part time status with the Board, retains his/her tenure rights.

1. Tenured teachers may request to be put on part-time status and two tenured teachers may request to share a full-time position. All such requests for part time status (shared positions) must be approved by the Board. Tenured teachers who request and receive part time positions shall be entitled to retain those positions from year to year on the same basis as full-time tenured teachers unless reassigned by the Board. Compensation and fringe benefits for part time tenured teachers shall be determined on a pro rata basis. Pay for holidays shall be provided only if that teacher is regularly scheduled to work on the holiday. Part time tenured teachers shall be entitled to sick leave on a pro rata basis but, except as otherwise specifically required by law, shall be ineligible for any other leave. A part time tenured teacher may request to be returned to full time status and this request will be granted provided there is a vacant and available full-time position, which the teacher is legally qualified to fill.
2. Regularly employed, non-tenured part time teachers employed who have served on a continuous basis in the same part time assignment for three or more full school terms shall be entitled to retain those part time positions provided that the Board does not eliminate any such position, the non-tenured part time teacher is not bumped by a tenured teacher, or the teacher is dismissed by the Board for cause. The Board shall have sole discretion in determining whether there is cause for the dismissal of a non-tenured, part time teacher. Non-tenured, part time teachers shall receive compensation and fringe benefits on a pro rata basis. They shall receive pay for holidays only if the holiday falls on a day they are regularly scheduled to work. They shall be entitled to sick leave on a pro rata basis, but shall not be eligible for any other leave.

3. A written request from a tenured teacher for a change to or from part time status for the following school year must be received by the Board no later than ninety (90) days before the end of the school term.
4. All permanent, part time employees shall receive all forms of compensation on a pro rata basis equal to the percentage of the workload, unless prohibited by outside constraints or prior contractual agreements.

Staff members who desire to fill any vacancy shall file their application in writing with the superintendent or designee promptly and within any time limit specified in the notice that shall not be less than five (5) working days from the date of the notice. Vacancies occurring after the close of the schools in June and before the schools reopen in the fall shall be posted in the district central office, posted on the district web site, and notification via district e-mail.

Vacancies created due to assignment changes during the thirty (30) days prior to the opening of school shall not be subject to the posting requirements of this provision.

Vacancies in Schedule C which occur after the school year has begun, and have been posted for ten (10) school days, can be offered to candidates not currently employed in District 100 at a rate of not more than 20% higher than previously offered within the district.

## ARTICLE IX Teaching Hours and Assignments

A. The school day for teachers in elementary buildings shall start forty (40) minutes before the starting time for students. The school day for teachers in the middle school shall start eight minutes before the starting time for students. Teachers may leave the building at the end of the school day as soon as the building has been vacated by the students (except for those students staying to engage in extracurricular activities) and after completing professional responsibilities. The teacher's day and students' scheduled day shall be maintained and any change will be negotiated.

B. All teachers are required to attend three evening activities. One additional activity may be required. Activities assigned beyond the required three will be reimbursed at a rate of \$29 per hour. Activities are considered 2 ½ hours or less. At the beginning of the year, the principal will assign two (2) activities. The remaining activity will be selected through a sign-up procedure. Examples of such activities include, but are not limited to: Open House, Curriculum Night, Holiday Musicals, Reading/Math nights.

C. Wherever feasible, a duty-free recess shall be provided to all teachers whose children have recess.

D. Effective professional learning is ongoing, scheduled; building and grade-level based and promotes a community of learning. Embedding relevant professional development into the school day enhances student learning (Fullan). Based on this research, the Board will provide elementary teachers with the following:

1. 210 individual plan minutes and 175 collaborative plan minutes that will be embedded into the school day.
2. These 385 plan minutes will be divided into eleven 35-minute sections per week.
3. Six sections will be during student contact hours and five will be prior to student contact hours
4. Grade level teachers, kindergarten through fifth grade, will have four common plan sections during student contact hours. When possible, pre-k teachers, specials teachers, and teachers servicing more than one grade level will also be provided common plan time during student contact hours.
5. Four sections will be scheduled for grade-level based collaboration, which will include but not be limited to the following: co-teaching, teacher-led professional development, challenge-based learning, gifted enrichment, analysis of data to identify gaps/growth in student knowledge, instructional decision-making meetings, MTSS, ELL, staffings, building-based school improvement, and content areas (including but not limited to: Mathematics, English Language Arts, Specials). Together, they will develop a reasonable solution within three school days.
7. One section prior to student contact will be scheduled weekly by administration.

E. All middle school teachers will have five 45-consecutive minute individual planning periods and five 45-consecutive minute team planning periods per week.

F. Each quarter, building administration will select one team/common planning meeting (middle school) or one common plan/building meeting (elementary) to cancel. The canceled meeting will default to personal/individual plan time. The dates for these occurrences will fall within the last 2 weeks of the quarter and be determined by each building's school leadership team and announced to staff as far in advance as possible.

G. A professional development advisory committee including building and district administrators and five members appointed by the SBEA will meet up to four times during the calendar year to provide input on Institute Days. Full day teacher institute/in-service days will run from 8:00 - 3:00 pm. Half day teacher institute/in-service days will run from 8:00-12:00 or 240 minutes. Full day teacher institute/in-service days will contain five hours or 300 minutes dedicated to professional development. Professional development hours will be awarded on a 1:1 basis. The remaining time will be divided between lunch, travel, and individual planning time. Planning time will be consecutive as much as possible.

Participation at Teacher Institute/Inservice days is a professional responsibility that allows staff to continue to enhance their craft. Every effort will be made to provide engaging and quality professional development aligned to the district goals.

H. Flexible hours for certified staff allows for additional student contact time, with the teacher starting and ending later than standard contractual hours. When financially feasible, building administrators may hire a teacher(s) in a flex-hour position. Each flex-hour position will be hired using standard district policy. Flex-hour positions are strictly voluntary. Flex-hour employees are considered full-time employees and are afforded all of the rights guaranteed under the regular teacher contract. An administrator will be present in the building while students are in attendance. Any teacher working individually during flex-hours will be supported with a teaching assistant after normal contractual hours. Flex-hour teachers will receive the same total planning minutes as standard contractual-hour teachers. Annually, both administration and SBEA will evaluate this position financially, based on building needs, and student performance.

I. Substitute teaching by the faculty:

1. A teacher relinquishing planning time to teach a class shall be paid at the rate of 50 cents per minute.
2. Applications for period substitute pay will be processed by each building principal.
3. Every effort will be made to get substitutes for all areas of teaching. If no substitute is available, the principal may assign teachers to that class during the teacher's planning period. The assignment request will be accompanied by a reimbursement form.

J. 2022-2023, 2023-2024, 2024-2025 and 2025-2026 school years for teachers shall include the calendar as adopted by the Board of Education, which is in compliance with state law and equals 180.5 work days. **ARTICLE X**  
Teaching Conditions and Staff Facilities

A. The SBEA and the superintendent shall discuss the level of class size at monthly collaboration meetings. At these meetings specific problem areas will be identified. Additional meetings will be held to address the identified concerns. The Board and the SBEA agree that low class size is the desired objective.

If for a period of thirty (30) days, the district student population increases by 10% per grade level district wide during the course of a school year the superintendent and the Association will meet to discuss ways to reduce class size.

If in an individual class size exceeds 28 students (including self-contained special education students) without support services, or if a classroom teacher feels the size or composition of the class is not in the best interest of the students, the superintendent and principal involved will meet within 10 days with the teacher and a representative from SBEA to begin to explore options, which may include hiring a para-educator should the class size continue to increase.

Kindergarten students are enrolled in school for a full day program and may need additional support. A shared general education para-educator (bilingual preferred) will be hired for a school that has at least three (3) kindergarten classrooms and when the building average in kindergarten reaches 23. This average can include the dual language classrooms. It would be most beneficial if the para-educator hired was bilingual in Spanish so that all the classrooms including those with heritage language needs would benefit from the instructional assistance. The assistant will be assigned to the kindergarten team and will remain until the end of the school year. The financial feasibility of this position will be reviewed by the SBEA and the administration on an annual basis. The SBEA and administration will review the academic impact of this position when the contract is renegotiated.

Class size and composition should take into consideration the inclusion of children with special needs, with the goal that the educational needs of all children are met.

If individual class sizes in specials exceed 32 students for a consecutive period of thirty (30) days without appropriate support services or if the teacher feels the size or composition of the class is not in the best interests of the students, the superintendent and principal involved will meet within 10 days with the teachers involved and a representative from the SBEA to arrive at a mutually acceptable solution within the financial constraints of the district budget.

B. The parties agree that authorized representatives of the Board and the Association shall confer from time to time for the purpose of considering suggestions for curriculum development and associated materials and supplies.

C. Whenever possible, the Board shall provide the following physical facilities for each teacher: a separate desk, a file cabinet, and suitable closet space to store coats and personal articles, one of which can be locked.

D. Employee Lunch Period – All employees will be entitled to a duty-free lunch period of thirty (30) minutes or the length of the student lunch period, whichever is longer in accordance with Illinois School Code.

E. No later than upon a teacher's return from maternity leave, teacher and principal or their designee will discuss and mutually agree upon scheduled times for the mother to express breast milk in privacy for up to a year after the birth of a child. Reasonable break time to express breast milk will be given. The break time shall, if possible, run concurrently with any break time as needed by the employee and shall not create an undue hardship on the District. Coverage for the teacher shall be provided as necessary. Communication regarding changes to the break time schedule shall occur as often as deemed necessary by the employee.

**Article XI**  
**Reduction in Force**

A. At least seventy-five (75) calendar days prior to the end of the school year, the District will provide the Association President with a copy of the RIF list.

If the teacher wants to challenge the accuracy of the information on the list, they will have fourteen (14) calendar days to bring evidence to the Human Resource Office to correct the alleged inaccuracy.

Within five (5) calendar days of the receipt of such challenges, the district will notify the individual and the Association of whether they consider the challenge valid, appropriate changes will be made to the RIF list. A final RIF list will be posted in each building at least fifty-five (55) calendar days prior to the end of the school year.

In the event of an actual RIF, the district will follow the requirements as set forth in the Senate Bill (PA 97-08)(105 ILCS 5/24-12). The SBEA will receive notification of which positions and/or programs are being eliminated at least forty-five (45) calendar days prior to the end of the school year.

**ARTICLE XII**  
Teacher Evaluation

All teacher evaluations will be conducted in compliance with the Berwyn South District 100 (District) evaluation plan, as well as with the Statutes and Administrative Code of the State of Illinois. The evaluation plan will be detailed in documents that both the District and the South Berwyn Education Association (SBEA) have acknowledged as the governing documents prior to the start of each school year. No later than July 1, the Superintendent of the District and the President(s) (upon SBEA council approval; council is defined by the SBEA by-laws) will sign off on the documents which will govern all teacher evaluations for the upcoming school year. No later than September 1, all teachers will be provided with a copy (written or electronic) of these documents that will govern evaluations for that school year.

**ARTICLE XIII**  
**Student Discipline**

A. Although the Board recognizes that the teacher has the primary responsibility for the maintenance of discipline within their classroom, the Board also recognizes its responsibility to give reasonable support and assistance to the teacher with respect to the maintenance of control and discipline in the classroom.

2. When a student is so excluded by a teacher, the student shall be sent from the classroom to the building administrative office and the problem shall be referred for solution to the building principal or their designee. The teacher shall notify the principal at the time of exclusion the reason for exclusion.
3. The building principal or their designee shall take appropriate action to solve the discipline problem. Should their decision include the re-admittance of the student to class, the teacher shall be notified of the conditions under which re-admittance is granted.

B. The Board's policy governing the use of corporal punishment shall be in accordance with 105 ILCS 5/24-24. A written statement by the Board governing use of corporal punishment of student shall be outlined in Board Policy 7:190.

## ARTICLE XIV Leave

A. Beginning in the 2019-2020 school year, each newly hired teacher will receive a total of eleven (11) sick leave days with full pay per school year. Upon receiving tenure, teachers will receive sick days as outlined below.

Each teacher shall be entitled to a total of twelve (12) sick leave days with full pay per school year. Such sick leave shall accumulate without limit. If all twelve (12) days of sick leave remain unused, they shall be converted to fifteen (15) days of the accumulated total at the end of the year. If eleven (11) days of sick leave remain unused, they shall convert to thirteen (13) days of the accumulated total. If ten (10) days sick leave remains unused, they shall be converted to eleven (11) days of the accumulated total. Sick leave shall be interpreted to mean personal illness, quarantine at home, or serious illness or death in the immediate family or household, or birth, adoption, or placement for adoption. The immediate family for purposes of this section shall include: parents, spouse/partner, brothers, sisters, children, grandparents, grandchildren, parents-in-law, brothers-in-law, sisters-in-law and legal guardians. A written statement of the number of accumulated days shall be given to each teacher in September of each year. In the case of absence due to illness in excess of three (3) consecutive days, or as it may be deemed necessary in other cases, verification by a doctor's certificate may be required.

B. Beginning in the 2019-2020 school year, the Board shall grant newly hired teachers two (2) personal leave days annually at full pay. Personal Leave will only need the approval of the superintendent in the case where a teacher seeks to use any personal leave in the first five days or last five days of the school year or on the day before or after a holiday or on a teacher institute/in-service day or if the teacher seeks to give less than three (3) teacher attendance days' notice for use of personal leave. In all other instances, no administrative approval will be necessary, nor will a reason need to be stated for the use of personal leave. Upon receiving tenure, teachers will receive personal days as outlined below.

The Board shall grant eligible teachers three (3) personal leave days annually at full pay that can be used for court appearances, religious holidays, college graduations, or weddings of members of the immediate family. Other personal business that cannot be conducted other than during regular school hours is also eligible for personal leave subject to the approval of the superintendent.

Personal Leave will only need the approval of the superintendent in the case where a teacher seeks to use all three (3) personal days consecutively, seeks to use any personal leave in the first five days or last five days of the school year or on the day before or after a holiday or on a teacher institute/in-service day or if the teacher seeks to give less than three (3) teacher attendance days' notice for use of personal leave. In all other instances, no administrative approval will be necessary, nor will a reason need to be stated for the use of personal leave.

The District and the SBEA will work together to develop positive incentives for staff attendance at both the building and district level. In addition, the district will communicate the impact that attendance has on student learning, staff and building culture, and district finance.

C. Unused personal leave days shall be added to accumulated sick leave.

D. The Board shall grant each teacher five (5) days of bereavement leave annually at full pay for the death of an immediate family member. Immediate family includes parents, spouse/partner, brothers, sisters, children, grandparents, grandchildren, parents-in-law, brothers-in-law, sisters-in-law, aunts, uncles, cousins and legal guardians. A teacher may use up to 3 of his/her bereavement days for the death of those not covered by the term immediate family. Unused bereavement days shall not accumulate. Teachers are entitled to child bereavement leave in accordance with the Child Bereavement Leave Act. A teacher may be awarded additional bereavement leave with superintendent or designee approval.

E. Absence due to duty connected injury or disability shall not be deducted from the teacher's accumulated sick leave after the first three days. In such cases, the Board shall pay the teacher full salary to the extent not covered by workmen's compensation.

F. FMLA

1. A teacher who is an eligible employee as defined in the FMLA (Family and Medical Leave Act of 1993), and who has not otherwise exhausted available Family and Medical Leave Act time.

G. Pregnancy Disability

1. A teacher who is unable to work due to a disability caused or contributed to by pregnancy, childbirth, or related medical conditions may utilize available sick leave for such absences in the same manner as it may be used for any other sickness or disability. In the event a teacher selects this option, a teacher shall return to work when medically able to do so or take leave pursuant to Part 2 below. A teacher on leave hereunder shall be subject to dismissal due to a reduction in force on the same terms as teachers not on leave and pursuant to their rights under the Illinois School Code.

H. Parental Leave. The Board provides the following alternatives for voluntary parental leave for teachers.

1. Application for Leave: A teacher shall provide at least 30 days advance notice of the intention to take leave under this Part 2 except that if the date of birth or placement requires the leave to begin in less than 30 days, the employee shall provide such notice as is practicable. In the case of adoption, the Board may require documentation of adoption, or that the adoption process is underway, if it deems such documentation necessary. For the birth or adoption of a child a medical documentation is not needed from their physician. However, proof of birth or adoption is required.

2. Length of Leave: This parental leave must be taken within the 12-month period beginning on the date of birth or placement for adoption. Employee will be allowed to use up to 12 work weeks (60 days) of paid sick leave, if available. Intermittent leave can only be taken in conformance with the provisions of the FMLA. Any paid sick leave used by a teacher due to disability caused or contributed to by pregnancy, childbirth, or related medical conditions subsequent to delivery shall constitute part of the 12-week parental leave provided for herein. Non-attendance days will not be counted in the 60 days leave, and they will not be deducted from the sick leave account. Parental leave under this Part 2 shall be without pay if the teacher's paid sick leave is exhausted.

3. Employment Credit: A teacher shall not lose any benefits accrued prior to the date on which the leave began. During the period of this leave the District shall maintain the teacher's coverage under any applicable group health plan for the 12 workweek or shorter duration of the leave at the level and under the conditions of coverage that would have been provided if the teacher had continued to work during the period of leave. Pursuant to the provisions of the Family and Medical Leave Act of 1993, the District reserves the right to recover any insurance premiums paid for the period should the teacher fail to return to work at the expiration of the leave period, except if the failure to return to work is because of the continuation, recurrence or onset of a serious health condition or other conditions beyond the control of the employee.

4. Return from this leave: The administration will give first consideration to returning the teacher to the same position he/she held prior to the leave. However, the administration may assign him/her to a different, similar available position if deemed to be in the best interest of the school district. A teacher on leave hereunder shall be subject to dismissal due to reduction in force on the same terms as teachers not on leave and pursuant to their rights under the Illinois School Code.

5. Alternative: to the leaves provided in Part 1 and Part 2 above, a tenured teacher may be granted an unpaid long-term parental leave subject to the below listed conditions and limitations. Teachers may either use paid sick leave for disability due to delivery of a child pursuant to Part 1 above and return to work when the disability

ends, or elect a 12 workweek leave pursuant to Part 2 above or instead, a tenured teacher may elect to take a long-term parental leave under this Part 3 as provided below. During an unpaid long-term parental leave, an employee shall not be entitled to benefits except as specifically stated below.

Leave for childbirth that falls outside of these conditions will be administered in accordance with Illinois state law.

#### I. Unpaid Long-Term Parental Leave

1. All requests for unpaid long-term parental leaves must be submitted in writing to the superintendent at least sixty (60) days prior to the anticipated beginning date of the leave unless circumstances later require the leave to begin sooner. The leave shall begin at a mutually agreeable date, but in any event no later than the date of delivery or the date of placement of an adopted child.
2. The duration of the leave shall be for the remainder of the school year in which it begins, plus one additional school year, if requested; return will be at the beginning of the school year. A teacher may request a one-year extension of an unpaid long-term parental leave by making written request to the Board prior to March 1st to be eligible for consideration for an extension during the next school year. The decision of the Board to approve or not to approve a request for extension in unpaid long-term parental leave shall not be precedential in future requests for extensions and shall be at the discretion of the Board and shall not be grievable.
3. A teacher on long-term parental leave must notify the superintendent, in writing, by March 1 regarding intention to return to the district at the beginning of the following school year. The notice of intention to return must be received by the superintendent within the time provided above; if not so received, the teacher shall be deemed to have resigned from employment.
4. While on unpaid long-term parental leave, a teacher may continue to participate in the district insurance plan in the same manner of participation as would be afforded to a teacher receiving an unpaid leave of absence for any other purpose. While on an unpaid leave, the teacher must pay the full premium cost to continue participating, provided, however, that for an unpaid long-term parental leave the district shall maintain the teacher's coverage under any applicable group health insurance plan for a period of 3 months from the commencement of the leave or the date of delivery, whichever occurs first, under the same terms and conditions that would have applied if the teacher had continued to work. Neither sick leave nor any other benefit shall be applicable during a long-term parental leave.
5. Upon return from the leave, the administration will give first consideration to returning the teacher to the same position he/she held prior to the leave. However, the administration may assign him/her to a different, similar available position if deemed to be in the best interest of the school district. A teacher granted a parental leave who has completed 18 weeks or more of the school term prior to the commencement of the leave, shall be considered to have completed a full year for the purpose of advancement on the salary schedule for that year.
6. A teacher shall retain all unused sick leave and seniority accrued as of the date of commencement of the long-term parental leave but shall not accumulate sick leave or seniority while on the leave.
7. A teacher on long-term parental leave is subject to dismissal due to reduction in force on the same terms and conditions as teachers not on leave and pursuant to their rights under the Illinois School Code.
8. A teacher who has been granted a long-term parental leave of absence shall not become eligible for a subsequent long-term parental leave unless and until the teacher has returned to full-time service for at least one complete school year, provided under exceptional circumstances the Board of Education may grant such a leave in its sole and absolute discretion. The granting or withholding of such leave shall be without precedential effect and shall not be grievable.

9. The provisions of Part 3 of this Section I shall apply to long-term parental leave requests for any preschool child age 1 through 6 provided that if the leave is requested to care for such a child, it must commence at the beginning of a school year unless the leave is necessitated due to a serious health condition suffered by the child or other emergency situation.
10. The provisions of Parts 2 and 3 of this Section I shall apply to instances of child adoption by teachers. The leave for adoption must commence as soon as the child has been released to the care of the adopting employee.

J. Sabbatical leave may be granted by the Board in accordance with Section 24-6.1 of the School Code.

K. Under certain circumstances mini sabbaticals may be approved by the Board using the following guidelines:

1. Mini-sabbaticals would not take the place of those that are allowable under Section 24-6.1 of the Illinois School Code.
2. The district plan for mini-sabbaticals could grant leaves of up to nine (9) weeks per semester.
3. A mini-sabbatical would be granted for the same reasons as listed in the Illinois School Code: for graduate study, research, travel or other purposes designed to improve the school system and the individual.
4. A mini-sabbatical would be available to tenured, certified staff only. If granted a leave of nine (9) weeks, the staff member would not be eligible for another sabbatical until successfully completing an additional three (3) years of service to the district.
5. If a portion of the time is unused, the teacher may reapply for the remainder of the nine (9)week period.
6. The teacher granted a mini-sabbatical would be obligated to pay 50% of the cost or the substitute who would be hired to temporarily fill the vacancy.
7. The time available will be nine (9) weeks per semester, eighteen (18) weeks per school year, beginning with the first day of school, continuing through the last, with no carry over. Mini-sabbaticals would however be discouraged for the period at the beginning and end of the school year.

Applications will be accepted on a semester basis with the available number of weeks divided according to seniority and time requested. First time applicants will be considered before requests of staff members that have already participated in the program. Applications of staff members reapplying would be accepted at any time, but would be recommended after those of first-time applicants, if others have applied. A faculty member may use the full nine weeks of the mini-sabbatical. After using the full nine weeks allowable, applicants would then need to respect the three-year waiting period.

For example: Teacher A uses three (3) weeks. Teacher B uses four (4) weeks. Teacher C will be eligible for the remaining two (2) weeks before teacher A or B. Teacher A or B, based on seniority, would be eligible if there are no first-time applicants.

1. Approval for a mini-sabbatical would be granted upon the basis of seniority within the district.
2. Deadlines: Application must be submitted to the Mini-Sabbatical Committee
  - First Semester      September 1
  - Second Semester    January 5

- Special consideration will be given to cases where college/university class schedules are involved, if the time allotted has not been depleted.

L. A leave of absence of up to two (2) years without pay may be granted to any teacher, upon application, for the purpose of participation in:

1. Exchange teaching programs in other states, territories or countries.
2. Foreign or military teaching programs.
3. Peace Corps, Teacher Corps, Job Corps as a full-time participant.

To qualify for such leaves, the teacher shall state his/her intention to return to the district. The teacher shall advance the number of steps on the salary schedule equivalent to the time on leave.

With the consent of the carrier, the teacher may maintain insurance benefits by making timely payments of all premiums which may be due to the district office or pursuant to its direction.

M. A leave of absence of up to two (2) years shall be granted to any teacher, upon application, for the purpose of serving as an officer of the Association, or as a staff member of the Illinois Education Association or the National Education Association. With the consent of the carrier, the teacher may maintain insurance benefits by making timely payments of all premiums which may be due to the district office or pursuant to its direction.

N. A leave of absence of up to two (2) years may be granted to any teacher, upon application, for the purpose of campaigning for or serving in a public office to the extent necessary for such activities. With the consent of the carrier, the teacher may maintain insurance benefits by making timely payments of all premiums that may be due to the district office or pursuant to its direction.

O. A leave, upon application, of absence for the purpose of advanced study of up two (2) years may be granted to any teacher who does not qualify or elect to take a sabbatical leave, provided the teacher states his intention to return to the school system. This shall include internships and practicums. With the consent of the carrier, the teacher may maintain insurance benefits by making timely payments of all premiums that may be due to the district office or pursuant to its direction.

P. Jury Duty Leave: A teacher shall suffer no loss in salary because of jury duty, except that the Board shall make a deduction equal to the amount received for such jury duty, excluding travel allowance, or be reimbursed by the teacher for the same amount.

Q. In all cases of leave, reinstatement shall be upon condition of appropriate vacancy and Board approval.

R. Family Leave-Serious Health Conditions: Any eligible employee who does not have sufficient paid leave time available to allow that employee at least 12 work weeks of leave in any 12-month contract year (July 1 through June 30) for absences caused by a serious health condition of the employee and absences required by the need to care for a spouse/partner, son, daughter, or parent who suffers from a serious health condition, shall be granted sufficient unpaid leave days so as to assure such employee a minimum of 12 workweeks of leave in any such 12-month contract year period. It is presumed that a full-time teacher works a minimum of 1,000 hours per year. For the purpose of leave under this section, eligible employees are defined as those who have been employed by the district for at least 12 months and who have worked at least 1,000 hours during the immediately preceding 12-month contract year period. With regard to leave under this section, the Board reserves the right to require medical certification and to apply the Rules Applicable to

Periods Near the Conclusion of an Academic Term as set forth in the Family and Medical Leave Act of 1993. The 12 work weeks of leave available hereunder shall include and thus be reduced by any paid or unpaid leave provided under the provisions of this Agreement or otherwise for absences required due to the need to care for a spouse, son, daughter or parent who suffers from a serious health condition or due to the employee's serious health condition. During leave provided under this section, the district shall maintain the teacher's coverage under any applicable group health plan for up to 12 work weeks or the duration of the leave if shorter, at the level and under the conditions of coverage that would have been provided if the teacher had been at work during the period of the leave.

Undergraduate courses offered by accredited colleges or universities may be used as credit for lane changes only when approved in advance by the Superintendent.
2. A maximum of eight (8) hours course work shall be credited for advancement on the salary schedule for courses taken before the earning of a Master's degree provided the courses were approved by the Superintendent, were not used to attain the Master's degree, and were satisfactorily completed within five (5) years prior to the teacher obtaining a Master's degree.
3. An employee who receives reimbursement for graduate hours must reimburse Berwyn South School District 100 if he/she voluntarily resigns within two years of receipt of reimbursed monies unless otherwise approved by the Board of Education. The employee must sign Agreement to Reimburse the District Upon Separation from Employment & Final Pay Withholding Agreement to be eligible for course reimbursement. Employees of D100 who were pursuing a master's, doctorate, or additional licensure in an approved coursework program as of May 31, 2020, will be exempt from this provision for the remainder of that program, as long as the coursework is a documented requirement of the program.

2. Whenever possible, any balance in the Board's contractual salary due to a teacher not returning to the district shall be paid on the last day of the school term unless otherwise provided by the written consent of the teacher. Any tenured teacher being dismissed because of a decrease in the number of teachers employed by the Board or to discontinue some particular type of teaching service shall receive the balance of his salary on or before the third business day following the last day of pupil attendance unless he or she specifically requests that the normal pay schedule be followed.

5. If transcripts are unavailable by September 1, teachers will obtain a note from the professor stating the class has been successfully completed. Transcripts are then due by November 1. Any additional compensation due to a lane change would be reflected in the September payroll.

- C.** A teacher possessing a valid teaching certificate who continues professional growth through enrollment in graduate-level courses and Spanish language courses related to professional responsibilities shall be reimbursed tuition at a rate determined by the average of the highest two state school tuition fees. The rate shall be authorized by the superintendent on September 1st of each year. Teachers taking approved graduate-level courses and Spanish language courses will receive the following reimbursement.

1. Teachers who are employed for their 1st year and 2nd year are ineligible for tuition reimbursement.
2. Teachers who are employed for the 3rd year will receive 40% of the established credit hour reimbursement rate. Teachers will receive 25% of the reimbursement upon submission of proof that the course is successfully completed. The remaining 15% shall be paid by September 30 of the following school year, provided the teacher continues to be employed in District 100.
3. Teachers who are employed for the 4th year will receive 60% of the established credit hour reimbursement rate. Teachers will receive 40% of the reimbursement upon submission of proof that the course is successfully completed. The remaining 20% shall be paid by September 30 of the following school year, provided the teacher continues to be employed in District 100.
4. Teachers employed for the 5th year and beyond will receive 80% of the established credit hour reimbursement rate. Teachers will receive 50% of the reimbursement upon submission of proof that the course is successfully completed. The remaining 30% shall be paid by September 30 of the following school year, provided the teacher continues to be employed in District 100.

a. A fund was established at \$105,032 for 2019-2020. If the total amount of the funded money is depleted, teachers will receive no additional reimbursement money. If any money remains in the fund, that money will be prorated among the teachers taking courses, who receive reimbursement at the 80% level. No more than 100% of the established amount will be reimbursed. In each year of this agreement, the funded amount will increase by the percentage increase in credit hour costs over the previous rate.

b. The 2019-2020 credit hour rate was \$517.47. The 2020-2021 and 2021-2022 figures will be calculated when the universities determine their rate. Prior approval of the superintendent is required for reimbursement as well as for credit toward advancement on the salary schedule. Graduate credit reimbursement will not be paid for summer graduate work unless the teacher is employed by the District during the following school year. Teachers on any excused leave of absence will not be reimbursed for any course work until they return to active employment in District 100.

- D.
1. The Board shall contribute an amount for payment of single group hospitalization insurance premium up to \$673.24 per month through June 30, 2021 for each covered teacher who elects such insurance provided through the District. On July 1, 2021 the amount of such Board contribution referred to above toward a single group hospitalization insurance premium will be increased by a percentage equal to the percentage increase, if any, of the monthly insurance premium on each such July 1 date over the monthly single group hospitalization insurance premium for the immediately prior year. In no event, however, will the annual percentage increase of the Board's contribution as calculated above for any one-year equal more than 10%. For purposes of this calculation, the traditional coverage insurance premium provided by the District be used to calculate the appropriate percentage increase herein.
  2. If spouses are both employed by Berwyn South District 100, and elect to take the family insurance coverage, the district will allocate the cost of each spouse's single insurance premium to the family insurance premium.
  3. The Board shall set aside \$150,000 for each year of this contract to be allocated equally toward payment of family health insurance premium for each teacher who is enrolled in family health insurance coverage as September 1 of each year of the contract. This provision of the contract will be reviewed to determine its feasibility at the end of this contract.
  4. Single dental insurance premium, for each eligible teacher who elects such coverage, will be paid in full by the Board for the entire term of this agreement.

5. Should the annualized cost of a single group hospitalization insurance premium exceed the sum of (a) the annualized Board contribution in subparagraph 1 above, plus (b) \$500, the Board shall additionally contribute 75% of the amount of such excess for each teacher who elects group hospitalization insurance coverage through the District.

6. For each twelve-month period beginning July 1 of each year the Board will reimburse each teacher an amount not to exceed \$500 annually for medical expenses incurred exclusively for: (a) single group hospitalization/dental insurance premium paid in excess of the Board's contribution; (b) additional teacher out-of-pocket cost for family group hospitalization/dental insurance premiums; (c) teacher paid deductibles, co-payments, and payments for medical/dental expenses for employee or member of his/her family; (d) family medical/dental expenses not covered by insurance; and (e) optical expenses. The reimbursement will be made semi-annually in January (for the period July 1 through December 31) in July (for the period January 1 through June 30) upon submission of proof of payment for the above authorized expenses, except that at the time of enrollment, the teacher may elect to immediately apply a portion of the total amount of such annual reimbursement allowance to the additional single and/or family group hospitalization/dental insurance premium if the teacher elects to accept such insurance as provided through the District. There will be no carry-over to the next plan year of the unused \$500 annual amount.

7. The Board of Education shall establish an Insurance Committee consisting of the following: three representatives from the Board, three representatives from the SBEA, one representative each from the SBEA-TAU, and the SBEA-CU, one representative from the Administrative team and one representative for all other support personnel. The Committee shall recommend the insurance carrier to the Board of Education. A two third majority of the committee must agree to change the carrier/plan.

8. The Board can only accept or reject the recommendation of the committee. If the Board rejects the recommendation of the Insurance Committee the Committee will reconvene to address the concerns of the Board. The insurance carrier shall remain the same pending the recommendation of the committee and subsequent Board action.

E. The Board will pay the single health insurance premium in the Teachers' Retirement System plan for retirees for two years following their retirement. Retirees shall be allowed to remain in the district's insurance group for two years following their retirement. The retiree must pay the difference between the Teacher's Retirement Health plan and the District health plan should the retiree wish to remain in the District plan.

#### F. Severance Pay for Unused Sick Leave

The Board shall pay \$15.00 per day for unused sick leave exceeding seventy-five (75) days to any teacher retiring from District 100. For days in excess of 180, the teacher shall be paid at the rate of \$25.00 per day.

#### G. Payment to Teachers' Retirement System

From the compensation schedule in Appendix B, the Board shall pick up and pay to the Illinois Teachers' Retirement System an amount equal to 9.0 per cent of the total compensation due each teacher to be applied for the retirement account of that teacher and the survivors' annuity account. It is the intent of the parties by this Agreement to qualify these payments as employer payments under Section 414(h) of the Internal Revenue Code to the extent permitted by the terms of the Internal Revenue Code. The teachers do not have the option of taking this amount in any other form nor do they have any right or claim to the funds remitted except as they may subsequently become available upon retirement or resignation from the Illinois Teachers' Retirement System. The remaining 91.0 percent shall be paid to the teacher as salary as indicated in Appendix B.

The SBEA and each teacher will indemnify and hold harmless the Board of Education, its members, its agents, and its employees from any and all claims, demands, actions, complaints, suits or other liability by reason of a faithful payment of contributions to the State of Illinois Teachers' Retirement System pursuant to the provisions of this section. No claim,

demand, action, or suit shall assert liability of the Board and/or the Association or shall be settled or compromised in any manner without the express consent of both parties. In addition to the regular salary, the Board will pay on behalf of each teacher, the 1/2 of 1% contribution required by law (H.B. 323) for retiree health insurance.

## H. Retirement

Teachers who have at least fifteen (15) years of service in District 100 will be offered a retirement incentive under the following condition:

Teacher will be at least 55 years of age at the effective date of their retirement and will not have the maximum annuity available to them previous to the effective date. In each year that benefits are received under this retirement incentive, the teacher shall not be paid in accordance with the salary and extra duty schedule, and, in lieu thereof, shall receive an increase in creditable earnings over the prior year's total TRS creditable earnings equal to the maximum amount allowed by TRS before the district would incur an additional contribution on behalf of the teacher. This benefit would be for a period up to a maximum of four school years, less any compensation not earned. The teacher shall receive this increase over the prior year's creditable earnings for three years, if three years notice is provided, two years if two-years notice is provided and one year if one-year notice is provided. Notice must be received by April 1 prior to the year the incentive increases are to begin. It is understood and agreed to that no payment under this Article XV, Section H, will result in any additional TRS contribution from the district. The parties agree that if any such contribution may occur, the District, the SBEA, and the teacher will meet to discuss a resolution that will avoid such contribution.

Any teacher who submits notice of retirement and begins receiving or is scheduled to receive this salary increases shall be removed from the salary schedule and shall not receive any other creditable earnings, including horizontal or vertical movement on the salary schedule. It is the intent of the parties that the compensation increases of such teachers should be capped at the maximum amount allowed by TRS before the district would incur an additional contribution on behalf of the teacher in any of the four years prior to retirement, so that the district may avoid any related TRS contributions.

Creditable earnings increases provided for under this paragraph are conditional on the teacher satisfactorily performing all required duties and assigned supplemental activities that were compensated in the base year used to calculate the increases. If during any year in which a teacher would otherwise be entitled to receive the retirement increases, the teacher declines to perform any assigned supplemental activities that was compensated the base year, or the teacher was removed from any such activity for cause the teacher's compensation shall be reduced proportionally. In no instance will the creditable earnings increases exceed 6% from year to year.

### Rescinding Retirement:

A teacher's notification of retirement may only be rescinded for one or more of the following reasons:

1. death, diagnosis of terminal illness, or total disability of the retiree or his/her spouse/partner; or
2. loss of an employment offer which was to be effective during retirement; or
3. other reasons as determined solely by the Board, provided said reasons shall not be precedential with respect to granting or denying other requested changes in retirement

A teacher's written intent to rescind notification of retirement must be submitted to the superintendent no later than March 1 of the year in which retirement was intended. Any teacher who has received any of the benefits of this retirement provision whose written notice to rescind his/her retirement is approved by the Board, shall refund the District any and all amounts paid hereunder prior to the beginning of the next school year.

## I. Professional Development Hours (PDH)

For professional development to be creditable and meaningful, it requires a commitment to, and an investment in, the program on the part of the teacher and the Board. To this end and in addition to graduate college credits, teachers may

be granted one (1) PDH for every one (1) hour of contact time included in advanced training courses and programs which are not accredited by any college or university. Contact time means the time directly involved in the specific activity, class or workshop. The approval of courses, workshops, etc. for PDH for shall rest with the Superintendent. The superintendent may grant approval for courses, workshops, etc. as a part of offering and advertising such activity to the staff; or he may grant such credit on an individual application basis. Teachers shall use the standard form provided by the district to request approval for graduate credits and tuition reimbursement. Twelve (12) PDH for equal one (1) graduate hour.

Bargaining unit members attending non-contractual time workshops, if approved in advance by the superintendent, shall be reimbursed for the cost or portion thereof of the workshop. The bargaining unit member shall also receive PDH for credit if approved by the superintendent.

First year teachers to the district will be required to take a maximum of four (4) PDH for as determined by the administration. All other training sessions for first year teachers determined necessary by the administration shall be conducted during regularly scheduled work hours such as on institute days, etc. PDH for may be counted for lane change accumulation in the accompanying salary schedule. As example, a tenured teacher may earn 20 credits in combination of either graduate credit or PDH for and move from the BA lane to the BA+20 lane at the times specified herein. Likewise, a collection of 16 credits, could move a teacher from the MA lane to the MA+16 lane. PDH for cannot count for a Masters degree. Once an individual has a MA degree, PDH for may be counted to move to the MA+16 lane, MA+32 lane and the MA+45 lane.

Teachers with a M+45 placement on the salary schedule will be compensated once a year for any approved PDH for taken during the school year during non-contractual hours. The compensation will be \$4.00 per contact hour. This compensation shall not be granted to those teachers who are participating in the retirement incentive. The existing provisions about the limits imposed on PDH for shall also be applicable to the teachers involved.

Only PDH for earned during non-contractual hours may be utilized for graduate credit hours or movement on the salary schedule.

J. Teachers with National Board Certification will receive a \$1,000.00 a year for five years upon receipt of endorsement on their Professional Educator License.

K. In determining credit for a Master's degree for a school social worker, MA is defined as a Master's degree requiring thirty-six (36) graduate hours. Any clinical hours in excess of thirty-six (36) graduate hours which are required to earn a Master's degree shall be credited as additional hours toward placement on the appropriate lane of the salary schedule.

## ARTICLE XVI Professional Grievance Procedure

A. **Grievance Defined:** A grievance is defined as a written claim that there has been a violation, misinterpretation or misapplication of a specific and express provision of this Agreement. The grievance must state the nature of the grievance, identify the specific clause or clauses of the Agreement allegedly violated, and request a definite remedy. No grievance will be processed or entertained unless it is filed in writing in accordance with Step 1 within fifteen (15) working days after the occurrence of the event giving rise to the grievance. Working days during the school term means those days when school is in session. During the summer months when school is not in session, working days means those days when the central school office is open for business.

B. **Basic Principles:** Every employee covered by this Agreement shall have the right to present grievances in accordance with these procedures, with or without representation. Nothing contained in this section or elsewhere in this Agreement shall be construed to prevent any individual employee from discussing a problem with the administration and having it adjusted (terminated to the mutual satisfaction of all persons) without intervention or representation of Association representatives.

The failure of an employee or the Association to act on any grievance within the time limits prescribed in this grievance procedure will act as a bar to any further appeal, and an administrator's failure to give a decision within the time limits shall permit the grievant to proceed to the next step. The time limits, however, may be extended by mutual agreement, either oral or in writing.

### C. Procedure:

Step 1 - The grievant shall file his/her grievance in writing with his/her immediate supervisor or appropriate district administrator or his/her designee within fifteen (15) working days of the occurrence of the event giving rise to the grievance. The immediate supervisor or appropriate district administrator or his/her designee shall confer with the grievant within five (5) working days in an attempt to resolve the grievance. A decision in writing shall be rendered to the grievant within five (5) working days of the conference.

Step 2 - If a satisfactory agreement is not reached at Step 1, the grievant may appeal to the superintendent or his/her designee in writing within fifteen (15) working days after he/she has received the decision of the immediate supervisor or his/her designee. The superintendent or designee shall hold a conference within fifteen (15) working days after the receipt of the appeal and a written decision shall be rendered by his/her designee within five (5) working days after the conference.

Step 3 - If the grievance is not settled at the second step, the grievant has five (5) working days in which he/she may appeal to the Board of Education. The grievance shall be submitted to the Board of Education to be considered as soon as reasonably possible thereafter. The grievant, acting independently or through the Association, may present a written grievance to the Board or may request an oral hearing which will be granted at the discretion of the Board. If granted, the hearing will be conducted by the full Board or by a subcommittee of the Board. The Board shall render its decision within five (5) working days after the meeting.

Step 4 - In the event the grievant is not satisfied with the disposition of his/her grievance at Step 3, the grievance may be submitted to binding arbitration within fifteen (15) working days after receipt of the Board's answer in Step 3. The parties shall attempt to agree upon an arbitrator within fifteen (15) working days after receipt of the notice of referral. In the event the parties are unable to agree upon an arbitrator within the fifteen (15) day period, the parties shall request an arbitrator from the American Arbitration Association. The selection of the arbitrator shall follow the standard operating procedures set forth by the American Arbitration Association. The arbitrator shall have no right to amend, modify, nullify, ignore, add to or subtract from the provisions of the Agreement. He/she shall consider and decide only the specific issues submitted to him/her in writing and shall have no authority to make any decision or recommendation on any other issue not so submitted to him/her. The

arbitrator's decision shall be based solely upon his/her interpretation of the meaning or application of the specific term(s) of this Agreement that has allegedly been violated, misinterpreted or misapplied under the facts of the grievance presented. The fees of the arbitrator shall be divided equally between both parties. All other expenses shall be borne by the party incurring them.

**ARTICLE XVII**  
Duration and Acceptance of Agreement

A. Should any article, section or clause of this agreement be declared illegal by a court of competent jurisdiction, said article, section, or clause, as the case may be, shall be automatically deleted from this agreement to the extent that it violated the law. The remaining articles, section, and clauses shall remain in full force and effect for the duration of the agreement if not affected by the deleted article, section, or clause.

B. This Agreement constitutes the entire Agreement between the parties and no verbal statement shall supersede any of its provisions. Any amendment or agreement supplemental hereto shall not be binding upon either party unless executed in writing by the parties hereto. The parties further acknowledge that, during the negotiations which resulted in this agreement, each had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the areas of collective bargaining and that the understanding and agreements arrived at by the parties after the exercise of that right are set forth in this Agreement. Therefore, the Board and the Association, for the life of this Agreement, each voluntarily and unqualifiedly waive the right, and each agrees that the other shall not be obligated to bargain collectively with respect to any subject or matter not specifically referred to or covered in this Agreement, even though such subject may not have been within the knowledge and contemplation of either or both of the parties at the time they negotiated or signed this Agreement. Waiver of any breach of this Agreement by either party shall not constitute a waiver of any future breach of this Agreement.

C. No employee covered by this agreement nor the SBEA shall ever or at any time engage in, authorize, or instigate any picketing, any recognition of any picket line on the district's premises, any strike or slow down. In the event of any violation of any provision of this section, the Association shall, upon written notice from the Board, direct such employees orally and in writing to resume normal operations immediately and make every other reasonable effort to end any violations.

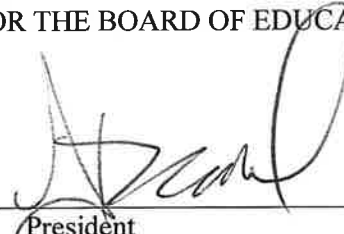

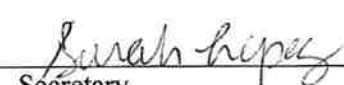

D. This agreement shall become effective in August on the first day of the 2022-2023 school term and shall continue in effect until the end of the day preceding the first day of the 2026-2027 school term.

E. The existing policies and procedures of School District 100 are hereby incorporated into this Agreement, provided that these policies may neither countermand nor be contrary to the other terms and conditions of this Agreement.

**Procedures for Placing Letters in Personnel File**

1. When a positive incident occurs, the principal or staff member may send a signed copy of the positive comments letter to be placed in personnel file.
2. When an accident occurs that may result in a disciplinary letter, the administrator will investigate the incident within twenty-four hours, if possible, and will meet with the staff member involved to gather facts. If the incident involves a child, the administrator will call the parent involved. If appropriate, other authorities (DCFS, police, etc.) will be contacted.
3. If a letter to a staff member is warranted, the administrator will consult with the superintendent regarding the situation and the letter. If the staff member works in more than one school in the school district, those administrators will be informed of the incident and the letter in writing.
4. If the administrator writes a letter that will be placed in a staff member's personnel file, the following will be done.
  - a. The administrator will meet with the staff member and will summarize the results of the investigation.
  - b. The staff member will be asked to sign and date the letter indicating receipt of the letter. Signature is an indication of a receipt not an agreement with the comments.
  - c. The staff member has the option to write a rebuttal to the letter and attach it to the original letter.
  - d. The administrator will give a copy of the letter and rebuttal to the staff member and will deliver copies of the letter personally to the superintendent and principals who have that teacher in their building.
  - e. A copy of the letter and rebuttal will be shared with the Board of Education
5. The letter will contain the following:
  - a. A summary of the results of the investigation (witnesses who reported the incident, location, time, etc.)
  - b. The names of the people involved in the incident
  - c. A conclusion that will list the findings (talked to witnesses, evaluation of all the facts)
  - d. Recommendations to be taken and the reasons for making the specific recommendations
6. Depending on the seriousness of the incident, the administrator may monitor the staff member's behavior and meet with the staff member periodically to discuss the progress. The administrator may write a follow-up letter to the staff member listing the progress.
7. When the administrator evaluates the staff member, the administrator will review the staff member's past evaluations and letters in the personnel file before writing the staff member's final evaluation.
8. Depending on the seriousness of the incident, the superintendent may inform the Board of Education of the incident and may recommend a course of action. (e.g. Notice to Remedy)

**APPENDIX D**  
**SICK BANK**  
Certified Teachers Sick Leave Bank

The Board of Education and the South Berwyn Education Association shall establish a Sick Leave Bank for certified teachers in District 100. The committee to facilitate the Sick Bank Leave will consist of two (2) certified employees named by the association and one administrator named by the superintendent.

The intent of the sick bank is to provide additional financial protection and the continuation of benefits outlined in the Economic Fringe Benefits Section of this collective bargaining agreement for those teachers who incur a period of prolonged serious illness, which requires a continuous absence from work. The Bank shall not be applicable to any teacher while on any unpaid leave of absence.

The committee will have Open Season for joining the Sick Leave Bank at the beginning of each school year. At this time, new teachers will have the opportunity to join, and continuing teachers will have the opportunity to add to their days already contributed. Teachers must decide and make known in writing their decision to participate in the Sick Leave Bank by October 15 of each school year. Joining the Sick Leave Bank is optional.

In the event that some catastrophic incident occurs and depletes the Sick Leave Bank, the SBEA may request the Board of Education to reconsider another contribution of sick days.

Any certified teacher employed by the district who has joined the Sick Leave Bank, shall be entitled to withdraw days from the Sick Leave Bank provided the following conditions are met.

1. The employee has used all his/her accumulated sick days and personal days plus three consecutive unpaid workdays in connection with the same illness.
2. Each withdraw shall not be more than forty school days each year.
3. Should any employee elect to withdraw from the Sick Leave Bank after already contributing any number of days, that employee shall not be reimbursed for any days already contributed.
4. Should any employee using any of the Sick Leave Bank days return to work, he/she shall pay back all of the days used from the Sick Leave Bank at a rate of two (2) days per year until that employee terminated his/her employment with the District.

The above stipulations cannot be changed unless the Board of Education agrees.

The Sick Leave Bank Committee Stipulates that:

1. A member who has contributed will not be able to withdraw days from the Bank until after his/her own accrued sick days have been depleted. In order to withdraw days from the Bank, the member must fill out the form entitled "Sick Bank Request" and attach to it satisfactory documentation from their treating physician verifying the catastrophic or prolonged nature of the illness. The form and documentation should be forwarded to the Association Sick Day Bank Administrator.
2. Part-time employees will be allowed Sick Leave Bank days on the basis of percentage of employment.
3. The sick bank shall not be applicable to surgical or other medical procedures that may be safely deferred until a vacation or recess period.
4. Only one (1) day per year; may be donated by a teacher.

5. A total of three (3) days is the maximum number of days a teacher may donate, unless the bank gets so low that a mid-year request for days is made.

6. Days will be allotted on a sliding scale as follows:

If you have donated	You may borrow:
3 days	40 days
2 days	30 days
1 day	20 ays

7. Two (2) days will be deducted by HR every year from your subsequent unused sick days, until such time that your sick bank withdrawal balance is reclaimed by the sick bank.

Days donated	Years in District	You may borrow:
1	1	7
1	2	7
2	2-3	14
3	3-4	16
1-3	5	20
1-3	6	25
1-3	7-9	35
1-3	10+	40

8. Days will be allotted according to the number of days donated, not by the number of days used previously. There will be no carryover of unused days from year to year.

9. Days used during the year, need not be consecutive days as long as they are related to the same illness.

10. There has been no policy set on limiting the number of times a teacher can reuse the Sick Leave Bank.

11. The Sick Bank Committee will keep the SBEA, the teachers and the Board of Education informed of the status of the Sick Leave Bank.

12. A member may, under unique or special circumstances, appeal to the Sick Bank committee to acquire additional days. Any appeals received shall be reviewed on a 1:1 basis; and outcomes shall not be considered as precedent for any future appeals.

13. Disputes regarding interpretation of this section cannot be grieved past the Superintendent's level.

**Procedures:**

In order to withdraw days from the Sick Leave Bank, the following procedures must be followed.

1. The member must complete the Sick Leave Bank Request form.
2. Provide satisfactory documentation from their treating physicians verifying the illness
3. The Sick Bank Committee shall, within three (3) school days, notify the member of approval, or if needed, request additional documents or time for meeting purposes.
