

Bridges 2nd Edition Family Support **INFORMATION**

The resources provided below are for family members of students in classrooms currently using Bridges 2nd Edition. We offer them to provide guidance and suggestions for participating in your child's learning—your best source for answering questions and getting assistance is your student's teacher.

- An overview of Bridges in Mathematics for families; available in [English](#) or [Spanish](#)
- [Frequently Asked Questions](#) about Bridges in Mathematics
- *Helping Your Child with Today's Math* from National PTA; available in [English](#) or [Spanish](#)

An Important Note

Your best source to answer questions and get assistance is your student's teacher. The resources here provide guidance and suggestions for how you can participate in your child's learning.

Kindergarten

In kindergarten math, your child will:

- count objects and tell how many there are
- write numerals 0-20
- compare numbers or sets of objects to tell which has more or less
- add & subtract quickly and easily to 5
- add & subtract within 10 using objects, fingers, drawings, numbers, or equations
- solve addition and subtraction story problems
